## GENERAL AND SPECIFIC SAFETY RULES

**READ, UNDERSTAND AND SAVE ALL INSTRUCTIONS**

1. **SUFFOCATION HAZARD!** Keep bags out of the reach of children.
2. **Maintain labels on Storage Bags .** These carry important information. If unreadable or missing, contact Harbor Freight Tools for replacement.
3. **Store in a dry and secure location out of the reach of children.**
4. **Use for intended purposes only.** Do not modify Storage Bags to use for any task another than for storage.
5. **Read manual of vacuum cleaner used with Storage Bag.** Follow all warnings, precautions and operating instructions for the vacuum used with Storage Bags.
6. **Please note: vacuum storage may damage fragile objects.**

## UNPACKING

When unpacking, check to make sure that the item is intact and undamaged. If any parts are missing or broken, please call Harbor Freight Tools at the number shown on the cover of this manual as soon as possible.

## CONTENTS

The set contains one large bag and three medium bags. The bags are made from durable Polyethylene and Nylon.

## OPERATING INSTRUCTIONS

**1.** Select the appropriate-sized bag for the desired items.

**2.** Peel open the top of the Storage Bag and slide items to be stored into the Storage Bag. Please note: It is best to fold any linens or clothes so that you can fit as much as possible into the Storage Bag.

**3.** Once the Storage Bag is full, seal the top by using the zipper strip. Line up the two sides of the strip and press down hard as you seal the bag. This will ensure that the Storage Bag is air-tight.

**4.** Open the white nozzle cap on the side of the bag. Press the nozzle of the vacuum (not included) over the white nozzle of the Storage Bag.

**5.** Turn on the vacuum. The vacuum will suck the air out of the bag, which will compress the bag as well as the items stored inside the bag.

**6.** Once the bag is compressed, place the white nozzle cap over the nozzle. This will help keep any additional air from entering the bag.

**7.** Store the compressed Storage Bags in a dry and secure area. To open, simply unzip the zipper. As air enters the Storage Bag, it will expand; making it easier to remove the items from the Storage Bag.

## REPLACEMENT PARTS ARE NOT AVAILABLE FOR THIS ITEM
